May 12, 2004

Dear Bernie:

I am so impressed with your very professional preparation of our company brochure that I feel a need to stop my busy pace long enough to drop you a thank you note.

Your rapidness of completion was exceptional and the appearance was done with balance and symmetry and has prompted many compliments from recipients.

As you will recall, the brochure was prepared in an effort to advertise the fact that our company has been pre-certified to perform certain types of survey work for TXDOT. Recipients of the brochure have assured me that they will keep it to use whenever a need for our services arise.

Sincerely,

Donald B. Szurgot, RPLS
